

# Spring Straw Tulips

## Materials:

- Straws
- Construction paper (or color flowers on white paper)
- Scissors
- Glue/Tape
- Hole Punch

1. Draw tulip shapes on pieces of colored construction paper and cut them out.
2. Fold a small part of the tulip shape up and then flip it over and continue to fold a section of the reverse side up. Repeat until the tulip is completely folded, like a paper fan.
3. Hole punch the middle of the folded-up tulip and then unfold it.
4. Slide the straw through the holes to create a stem for the tulip.
5. Cut out some leaf shapes and glue/tape them onto the bottom of the straws.
6. Celebrate the First Day of Spring with your beautiful crafted tulips!
